Profile

Software Engineering student at GISMA University of Applied Sciences in Berlin with hands-on Python and Git experience and a strong interest in AI products and mobile apps. Seeking a working student role where I can support product and technical teams, combining my project planning background with programming skills. Available 20 hours per week.

Education

GISMA University of Applied Sciences — **Berlin, Germany**
B.Eng. Software Engineering — *Apr. 2026 – Present*

St. Mary's Higher Secondary School — **Idukki, India**
Higher Secondary Certificate — *2023 – 2025*

Projects

Green Campus Energy Optimization | *Project Planning, Budgeting, Risk Management, Stakeholder Analysis*

- Group academic project planning a smart power management system for a university campus (LED lighting, motion sensors, solar panels) targeting a 25% reduction in electricity consumption
- Covered project scheduling, budget estimation, stakeholder analysis, risk assessment and mitigation, and project tracking in a 3,000-word report
- Projected an initial investment of approx. EUR 1.19M, annual savings of approx. EUR 566K and a payback period of 2.1 years (preliminary estimates)
- Project report: github.com/RubanMadhu/Project_Management_Project

Personal Portfolio Website | *HTML, CSS, GitHub Pages*

- Designed and built a portfolio website hosted on GitHub Pages to present my projects and skills
- Live site: rubanmadhu.github.io/Online_Portfolio

Python Projects: Treasure Island Game and Calculator | *Python, Git, GitHub*

- Built a choice-based text game with a branching decision flow, and a calculator application for basic arithmetic operations
- Source code: github.com/RubanMadhu/Treasure_island_project, github.com/RubanMadhu/calculator

Skills

Programming: Python, HTML5, CSS3, LaTeX
Software Development: Web development (front-end), debugging, problem solving, data structures, algorithms
Tools: Git, GitHub, GitHub Pages, version control
Project Management: Project planning, scheduling, budgeting, stakeholder analysis, risk management
Documentation: Technical report writing, README documentation, research, presentations
AI: Prompt writing
Soft Skills: Teamwork, collaboration, communication

Languages

English (IELTS 7.0 overall), German (A1, learning toward A2), Malayalam (native), Hindi (conversational)

Availability

Status: Enrolled at a German university; available 20 hours per week during the semester
Work authorization: German residence permit for studies, with permission to work alongside studies
